

Cathy Anastasia

I moved to Gold Canyon in 2021 from the Chicago area after retiring from a career in corporate sales.

In 2022, I realized my dream and opened my own custom pottery studio.

I work in both wheel and hand crafting with a varied palette of glazes. The desert and mountains give me energy and inspiration for my custom pottery creations. Each of my pottery pieces reflects southwestern influences and often incorporate natural elements, such as wood, antlers, feathers, roping, stones, leather, etc.

My custom pottery art was sold at Bella's in Superior and will continue to sell in Superior at the new store front space. I'm also exhibiting online @pottery_cathyanastasia and host many pottery classes.

In addition, I volunteer at Heartwood Montessori school in Mesa where I teach pottery to 7th – 10th grade students.
